

UKRAINE AID

Who we are, and why

Ukraine needs our help. In February 2022, to the horror of the whole world, Russia launched a brutal war of aggression against Ukraine. Much to Russia's surprise, their invasion did not take weeks as planned and still 15 months later Ukraine is fighting bravely and successfully against its occupiers. Ukraine is fighting not only for its country, but for all of Europe. Now is the time for us to do what we can to help them in their struggle.

We have already organized 2 big fundraising events in Helsinki 2023. The first one at Ylioppilastalo 20.1.2023 and the second one at Finlandia Hall 22..9.2023.

For our project we do not have any administrative costs. Everyone that joins our events contribute 100%. The support goes to Ukraine in full.

We work closely with the Ambassador Olga Dibrova and the Olena Zelenska foundation

The new TARGET

At the moment there are over 1200 children without parents in Ukraine. The target for the project is to finance and build a Foster home for 10 children. This first house will be a "model house" for more to come. We will do this in cooperation with the Olena Zelenska foundation
